#### AMERICANS WITH DISABILITIES ACT

METRO does not discriminate on the basis of disability. Any person who requires an accommodation or an auxiliary aid or service to participate in the meeting, or to access the agenda and the agenda packet, should contact the Executive Assistant, at 831-426-6080 as soon as possible in advance of the Committee meeting. Hearing impaired individuals should call 711 for assistance in contacting Santa Cruz METRO regarding special requirements to participate in the Committee meeting. For information regarding this agenda or interpretation services, please call Santa Cruz METRO at 831-426-6080.

#### MEETING TIME: 1:00PM

NOTE: THE COMMITTEE CHAIR MAY TAKE ITEMS OUT OF ORDER

- 1 CALL TO ORDER
- 2 ROLL CALL
- 3 ADDITIONS OR DELETIONS FROM AGENDA / ADDITIONAL DOCUMENTATION TO SUPPORT EXISTING AGENDA ITEMS

- 4 COMMUNICATIONS TO THE CAPITAL PROJECTS STANDING COMMITTEE
  - This time is set aside for Directors and members of the general public to address any item not on the Agenda, but which is within the matter jurisdiction of the Committee. Each member of the public appearing at a Committee meeting shall be limited to three minutes in his or her presentation, unless the Chair, at his or her discretion, permits further remarks to be made. Any person addressing the Committee may submit written statements, petitions or other documents to complement his or her presentation. When addressing the Committee, the individual may, but is not required to, provide his/her name and address in an audible tone for the record.
- 5 ACCEPT AND FILE MINUTES OF SANTA CRUZ METRO CAPITAL PROJECTS STANDING COMMITTEE MEETING OF AUGUST 15, 2017 Alex Clifford, CEO/General Manager
- 6 RECEIVE AND REFER REPORT ON THE USES OF THE FY14/15 ALLOTMENT OF PUBLIC TRANSPORTATION MODERNIZATION, IMPROVEMENT AND SERVICE ENHANCEMENT ACCOUNT (PTMISEA) PROGRAM AND UPDATE ON PACIFIC STATION ACTIVITIES Alex Clifford, CEO/General Manager
- 7 REVIEW AND RESPOND TO BOARD REFERRAL OF CONSIDERATION OF ISSUING FORMAL INVITATIONS FOR BIDS FOR ROOF AND WINDOWS REPLACEMENT AT PACIFIC STATION Erron Alvey, Purchasing Manager
- 8 ORAL STATUS REPORT ON PACIFIC STATION CONSULTANT ENGAGEMENTS RELATED TO FUTURE PLANNING Barrow Emerson, Planning and Development Manager
- 9 APPROVE STAFF RECOMMENDATION FOR FY19 CAPITAL PROJECTS AND RECEIVE THE TEN-YEAR UNFUNDED CAPITAL LIST UPDATE Barrow Emerson, Planning and Development Manager
- 10 ADJOURNMENT

Pursuant to Section 54954.2(a)(1) of the Government Code of the State of California, this agenda was posted at least 72 hours in advance of the scheduled meeting at a public place freely accessible to the public 24 hours a day. The agenda packet and materials related to an item on this Agenda submitted after distribution of the agenda packet are available for public inspection in the Santa Cruz METRO Administrative Office (110 Vernon Street, Santa Cruz) during normal business hours. Such documents are also available on the Santa Cruz METRO website at <u>www.scmtd.com</u> subject to staff's ability to post the document before the meeting.

**FROM:** Alex Clifford, CEO/General Manager

#### SUBJECT: ACCEPT AND FILE MINUTES OF THE SANTA CRUZ METRO CAPITAL PROJECTS STANDING COMMITTEE MEETING OF AUGUST 15, 2017

#### I. RECOMMENDED ACTION

That the Capital Projects Standing Committee Accept and File the Minutes for the Santa Cruz Metropolitan Transit District (METRO) Capital Projects Standing Committee Meeting of August 15, 2017

#### II. SUMMARY

- Staff is providing minutes from the Santa Cruz Metropolitan Transit District (METRO) Capital Projects Standing Committee Meeting of August 15, 2017.
- Each meeting, the Executive Assistant will provide minutes from the previous METRO Committee meeting.

#### III. DISCUSSION/BACKGROUND

The Board requested that staff include, in the Agenda Packet, minutes for previous METRO Committee meetings. Staff is enclosing the minutes from these meetings.

#### IV. FINANCIAL CONSIDERATIONS/IMPACT

None.

#### V. ALTERNATIVES CONSIDERED

None.

NOTE: THE COMMITTEE CHAIR MAY TAKE ITEMS OUT OF ORDER

#### 1 CALL TO ORDER

Meeting was called to order at 2:07PM by Committee Chair Chase.

2 ROLL CALL: The following Directors were present, representing quorum: Director Ed Bottorff City of Capitola

Director Cynthia Chase

City of Santa Cruz

Director Bruce McPherson

**County of Santa Cruz** 

METRO EMPLOYEES IN ATTENDANCE WERE:

Erron Alvey, METRO Joan Jeffries, SEIU Debbie Kinslow, METRO

Holly Riley, SEIU

MEMBERS OF THE PUBLIC IN ATTENDANCE WERE:

Stanley Sokolow, Self

- 3 ADDITIONS OR DELETIONS FROM AGENDA / ADDITIONAL DOCUMENTATION TO SUPPORT EXISTING AGENDA ITEMS COMMITTEE Hearing none, the meeting continued to the next agenda item.
- 4 **COMMUNICATIONS TO THE CAPITAL PROJECTS STANDING COMMITTEE** Stanley Sokolow, representing himself, spoke of recent SCCRTC corridor investment studies and proposed a 'bus way' which would provide one way travel to Watsonville or Santa Cruz depending on the direction of heaviest traffic. He suggested METRO be proactive with the SCCRTC particularly regarding bus rapid transit.

CEO Clifford responded that METRO, as a member of the Commission, often suggests things of this nature.

#### 5 APPROVAL OF APRIL 26, 2017 CAPITAL PROJECTS STANDING COMMITTEE MEETING MINUTES

ACTION: MOTION TO APPROVE THE APRIL 26, 2017 CAPITAL PROJECTS STANDING COMMITTEE MEETING MINUTES AS PRESENTED.

MOTION: DIRECTOR BOTTORFF SECOND: DIRECTOR MCPHERSON

MOTION PASSED WITH 3 AYES (Directors Bottorff, Chase and McPherson)

- 6 CONSIDERATION OF ISSUING TWO FORMAL REQUESTS FOR PROPOSALS FOR A DOWNTOWN SANTA CRUZ TRANSIT OPERATIONAL ANALYSIS AND PACIFIC STATION RECONFIGURATION LAYOUTS Barrow Emerson, Planning and Development Manager, spoke to the staff reports and their attachments (Scopes of Work). Today METRO is seeking approval for the simultaneous release of two Requests for Proposals (RFPs) related to the Scopes of Work. The consultants will be asked to answer three primary questions as they relate to an overall larger strategic view of transit:
  - 1) Could METRO operate an efficient/effective system with fewer routes/services accessing downtown Santa Cruz;
  - 2) Are there other ways to distribute downtown bus bays other than in a hub in a service oriented, cost-effective manner; and,
  - 3) Are METRO's assumptions for current and future bay requirements relatively accurate? This question also includes the potential opportunities presented by the introduction of Automatic Vehicle Locator (AVL) technology in terms of reducing bus bay requirements and enhancing customer convenience.

CEO Clifford added that staff is recommending METRO invest the estimated \$80K to fund both RFPs. The current facility meets today's needs, but does require refurbishing. If the Committee's direction is to look at alternatives, we believe the City of Santa Cruz should participate in funding these endeavors and assist with financial funding of at least 50%, not a repeat of in-kind resources. Unfortunately, a \$50,000 bus bay study is not eligible under the 5339 grant,; however, the remaining \$30,000 is. METRO has budgeted \$200,000 in professional services within the Planning Department Operating Budget.

Capital Projects Standing Committee Minutes August 15, 2017 Page 3 of 4

Vice Chair McPherson recommended a 50/50 split with the City of the \$50,000, which is not grant funded. He also noted that UCSC is planning on 2000 future units, which will require more service.

Director Bottorff expressed his belief that the benefit of a good analysis does not come at an exorbitant cost (\$50,000) and suggested a 50/50 split with the City. The three questions outlined by Mr. Emerson represent an important step forward.

Martin Bernal, Santa Cruz City Manager, and Bonnie Lipscomb, Director of Economic Development, spoke of the City's general willingness to participate financially. Adding the City has an open purchase order for economic funding studies of this type, analyzing mixed use or other facility analysis. They would like to ensure the funds are leveraged to the fullest extent possible.

Director Chase suggested some refinements in the three proposed questions and stressed the importance of efficiency, not a decrease in system routes. Mr. Emerson will incorporate the suggested edits and combine three bullets into two.

CEO Clifford asked that additional comments be forwarded to Mr. Emerson so that he may include them in the proposed RFPs' Scopes of Work.

Public comment:

Mr. Sokolow suggested transit utilize the Coastal corridor and the addition of secured bike parking in the downtown transit center.

#### ACTION: RECOMMENDATION TO APPROVE THE ISSUANCE OF TWO FORMAL REQUESTS FOR PROPOSALS FOR A DOWNTOWN SANTA CRUZ TRANSIT OPERATIONAL ANALYSIS AND PACIFIC STATION RECONFIGURATION LAYOUTS AS PRESENTED WITH NOTED CHANGES TO THE BOARD REPORT, A 50/50 SHARE WITH THE CITY OF THE \$50,000 AND LEVERAGING FUTURE FUNDING WHERE POSSIBLE

MOTION: DIRECTOR BOTTORFF SECOND: DIRECTOR MCPHERSON

MOTION PASSED WITH 3 AYES (Directors Bottorff, Chase and McPherson)

7 AUTHORIZATION TO LEASE PARKING SPACES AT THE SOQUEL PARK AND RIDE LOT TO DOMINICAN HOSPITAL OR ITS DESIGNATED LEGAL ENTITY UPDATE

Alex Clifford, CEO/General Manager, noted an error in the March 2017 Board meeting minutes inadvertently referred this subject discussion to the Capital Projects Standing Committee for review and recommendation to back to the full Board. CEO Clifford had requested authority to negotiate a final deal and refer the discussion regarding monies to be dedicated to ParaCruz be referred to Committee.

As it turned out, Dominican Hospital or its designated legal entity has not been able to reach internal consensus on the business terms of the lease. Today we are asking for CEO authority to negotiate up to \$30,720 or \$40-\$50/month for 64 spaces.

#### ACTION: RECOMMENDATION TO APPROVE THE AUTHORIZATION TO LEASE PARKING SPACES AT THE SOQUEL PARK AND RIDE LOT TO DOMINICAN HOSPITAL OR ITS DESIGNATED LEGAL ENTITY UPDATE AS PRESENTED

MOTION: DIRECTOR BOTTORFF SECOND: DIRECTOR CHASE

MOTION PASSED WITH 3 AYES (Directors Bottorff, Chase and McPherson)

#### 8 GRAND JURY REPORT: DISCUSSION OF REPORT AND RESPONSES

Draft copies of the CEO and Board Responses were distributed at the meeting.

Director Chase noted this item was added at her request to provide an opportunity for Committee feedback.

CEO Clifford provided the due dates for both responses, adding that he was suggesting both of the responses be submitted at the same time to the Grand Jury.

Based on Committee input, CEO Clifford will add language to the Pacific Station and the Watsonville Transit Center sections regarding the ongoing improvement projects. After the August 25, 2017 board meeting, he will incorporate any comments provided by the full board.

ACTION: RECOMMENDATION TO PROVIDE THE BOARD AND CEO DRAFT RESPONSES TO THE GRAND JURY REPORT, INCORPORATING EDITS DISCUSSED, TO THE FULL BOARD FOR REVIEW AND APPROVAL AT THE AUGUST 25, 2017 BOARD MEETING

MOTION: DIRECTOR BOTTORFF SECOND: DIRECTOR CHASE

MOTION PASSED WITH 3 AYES (Directors Bottorff, Chase and McPherson)

#### 9 ADJOURNMENT

Committee Chair Chase adjourned the meeting at 2:57PM

Respectfully submitted,

Gina Pye Executive Assistant

Santa Cruz Metropolitan Transit District

ANTA CRUZ METRO

- **DATE:** March 15, 2018
- **TO:** Capital Projects Standing Committee
- **FROM:** Alex Clifford, CEO/General Manager
- SUBJECT: RECEIVE AND REFER REPORT ON THE USES OF THE FY14/15 ALLOTMENT OF PUBLIC TRANSPORTATION MODERNIZATION, IMPROVEMENT AND SERVICE ENHANCEMENT ACCOUNT (PTMISEA) PROGRAM AND UPDATE ON PACIFIC STATION ACTIVITIES

#### I. RECOMMENDED ACTION

That the Capital Projects Standing Committee receive and refer to the Board of Directors this report through March 2018 on the uses of the FY14/15 allotment of PTMISEA and the update on Pacific Station activities

#### II. SUMMARY

- In 2012, the Santa Cruz Metropolitan Transit District (METRO) requested a Letter of No Prejudice (LONP) from Caltrans in which METRO identified the future and final allocation of PTMISEA (FY14/15) to be for the MetroBase / Judy K. Souza (JKS) construction project
- In addition to the FY14/15 PTMISEA funding, construction funding for the JKS facility included all prior PTMISEA allocations, among other funding sources
- At the time the current CEO was hired, the JKS facility had over \$32 million in resources assigned to the construction project, including the future FY14/15 PTMISEA allocation
- Following careful review of the JKS construction project funding, and after restructuring of the JKS construction budget, on September 26, 2014 the METRO Board approved the CEO's recommendation to place the FY14/15 PTMISEA funding in the amount of \$5.875 million "...on the Pacific Station Project as a placeholder for now."
- The actual amount, inclusive of interest through 6/30/16, later grew to \$5,989,824
- Between January 2016 and October 2017, the METRO Board approved multiple allocations of PTMISEA to cover various JKS construction change order costs
- Between December 2015 and April 2017, the METRO Board also approved three allocations of PTMISEA as the local match to various bus grant applications (LCTOP, 5339c-LoNo and RTC-STBG)

- The current unobligated balance of the FY14/15 PTMISEA allocation is \$1,901,333
- This report contains additional information relevant to PTMISEA and Pacific Station

#### III. DISCUSSION/BACKGROUND

According to the Caltrans website, "The Public Transportation Modernization, Improvement, and Service Enhancement Account Program (PTMISEA) was created by Proposition 1B, the Highway Safety, Traffic Reduction, Air Quality, and Port Security Bond Act of 2006. Of the \$19.925 billion available to Transportation, \$3.6 billion dollars was allocated to PTMISEA to be available to transit operators over a ten-year period. PTMISEA funds may be used for transit rehabilitation, safety or modernization improvements, capital service enhancements or expansions, new capital projects, bus rapid transit improvements, or rolling stock (buses and rail cars) procurement, rehabilitation or replacement. Funds in this account are appropriated annually by the Legislature to the State Controllers Office (SCO) for allocation in accordance with Public Utilities Code formula distributions: 50% allocated to Local Operators based on fare-box revenue and 50% to Regional Entities based on population. In Fiscal Year (FY) 2007/08, Senate Bill 88 identified the Department of Transportation as the administering agency. The final appropriation of program funds was made in the FY 2014-15 State Budget."

In 2012, METRO requested an LONP from Caltrans in which METRO identified the future final allocation of PTMISEA (FY14/15) to be for the MetroBase/Judy K. Souza (JKS) construction project. In addition to the FY14/15 PTMISEA funding, construction funding for the JKS facility included all prior PTMISEA allocations, among other funding sources.

At the time the current CEO was hired, the JKS facility had over \$32 million in resources assigned to the construction project, including the future FY14/15 PTMISEA allocation. Following careful review of the JKS construction project funding, and after restructuring of the JKS construction budget, on September 26, 2014 the METRO Board approved the CEO's recommendation to place the FY14/15 PTMISEA funding in the amount of \$5.875 million "...on the Pacific Station Project as a placeholder for now."

As a result of the actual FY14/15 PTMISEA allocation coming in higher than projected and interest through 6/30/16, the amount later grew to \$5,989,824. Between January 2016 and October 2017, the METRO Board approved multiple allocations of PTMISEA to cover various JKS construction change order costs.

Between December 2015 and April 2017, the METRO Board also approved three allocations of PTMISEA as local match to various bus grant applications. The

first local match was for a Low Carbon Transit Operations Program (LCTOP) to purchase one electric bus. This electric bus will run as a circulator in Watsonville. The second was a local match to the Federal 5339c LoNo program to purchase three electric over-the-road coaches to operate on the Highway 17 service. The third was a local match to a Santa Cruz County Regional Transportation Commission (RTC) Surface Transportation Block Grant (STBG) program to purchase one Compressed Natural Gas (CNG) bus. The current unobligated balance of the FY14/15 PTMISEA allocation is \$1,901,333 - see Table 1. (Attachment A)

#### **Pacific Station**

On August 14, 2015 the METRO Board approved the CEO's request to create a Life of Project (LOP) for Pacific Station. The LOP captured all expenditures on Pacific Station going back to 2002 and included the acquisition of the Greyhound lot, the demolition of the structure and construction of METRO's layover facility on the parcel. The Board report provided the history of revenue sources and expenditures as delineated in Attachment B.

The current balance for the 2006 FTA grant is \$83,466 and the 2008 FTA grant is \$67,244. These remaining FTA grant funds are likely to expire as soon as the next FTA Triennial Review due to lack of spending progress. The funds can only be used in conjunction with construction and architectural engineering associated with Pacific Station. They cannot be used for studies, such as the two consultant studies currently underway.

The objective of the Pacific Station LOP was to begin to fund the project designed by Group IV which anticipated METRO's share of the project to be between \$24 - \$27 million. Initially, METRO anticipated purchasing the NIAC building as a part of the reconstruction project by utilizing the PTMISEA funds. Later, significant changes in direction occurred. First, METRO could not identify sources of funds to support its share of the project. Then, new buses were identified as the primary focus for all bus-eligible funds into the indefinite future given the growing backlog of buses that had reached the end of their useful life. Additionally, it was the opinion of staff that the likelihood of METRO prevailing in a federal TIGER grant was very low since the national TIGER program is typically \$400 - \$500 million annually and annually at risk in the federal budget since TIGER is funded by the General Fund. The likelihood of Santa Cruz County being awarded 5% of the total national program was considered to be low at best. Absent a fiscally sound plan to proceed with the Group IV project, the METRO Pacific Station Ad Hoc Committee and the full Board agreed that METRO could no longer justify the purchase of the NIAC building. Therefore, the PTMISEA funds were no longer needed for that part of the project. The City of Santa Cruz later purchased the NIAC building. Finally, as the costs and disputed costs of the JKS operations building continued to escalate, the Board began programming PTMISEA funds to cover the escalating construction costs.

Later, the Capital Projects Standing Committee moved to recommend that METRO staff and City Staff work together to evaluate two potential alternate sites that METRO might relocate to. On September 20, 2016 the Capital Projects Standing Committee approved obtaining answers regarding the Front Street site as a dual path with the review of the 75 River street site. Through the last half of 2016 and into early 2017, METRO staff, the METRO Pacific Station Capital Projects Standing Committee and City of Santa Cruz staff worked together to identify and review alternate sites in the downtown area that might accommodate METRO's current and future bus terminal needs. The primary focus was on the Front Street site between Cathcart and Soquel Avenue and the 75 River Street site.

In April 2017, following the two site reviews, the Board Capital Projects Standing Committee (April 26, 2017) and the full Board (April 28, 2017) received a report about a new direction for Pacific Station future planning. Included in the new direction was an acknowledgment that "Building over the bus station is too costly to pursue" and that the River and Front Street sites could not be designed to accommodate METRO's operational needs. The report also acknowledged that the remaining PTMISEA (\$3.25 million) must be spent by 2022 and "Could contribute to [this] development project and/or other METRO state-of-good-repair projects."

The Capital Projects Standing Committee and the full Board approved at their April 26 and April 28, 2017 meetings, respectively, a direction in which all parties would turn their attention back to the existing facility to explore a concept that might accommodate a commercial office/retail frontage on Pacific Avenue and a bus terminal on the back half of the property facing Front Street. Additionally, METRO and the City agreed to jointly fund two outside studies that will help METRO better understand the minimum footprint METRO needs to operate a bus terminal and to help determine if a single downtown terminal is optimal or if the downtown terminus can be split into multiple locations as opposed to being consolidated into one downtown hub.

On August 25, 2017, the METRO Board approved the issuing of two requests for proposals for a downtown Santa Cruz operational analysis and Pacific Station reconfiguration layouts. The studies are expected to be complete in mid to late 2018.

#### IV. FINANCIAL CONSIDERATIONS/IMPACT

This is a Receive and Refer report and does not have a fiscal impact.

#### V. ALTERNATIVES CONSIDERED

Direct staff to provide additional information about PTMISEA or other funding resources.

Santa Cruz Metropolitan Transit District

**DATE:** March 15, 2018

**TO:** Capital Projects Standing Committee

- **FROM:** Erron Alvey, Purchasing Manager
- SUBJECT: REVIEW AND RESPOND TO BOARD REFERRAL OF CONSIDERATION OF ISSUING FORMAL INVITATIONS FOR BIDS FOR ROOF AND WINDOWS REPLACEMENT AT PACIFIC STATION

#### I. RECOMMENDED ACTION

That the Capital Projects Standing Committee review and respond to the Board of Directors referral of METRO's Purchasing Manager's recommendation to issue formal Invitations for Bids for Roof and Window Replacement at Pacific Station

#### II. SUMMARY

- At its February 23, 2018 the METRO Board tabled the issuance of formal invitations for bids for roof and windows replacement at Pacific Station until the Capital Projects Standing Committee can meet and make a recommendation to the full board.
- The Santa Cruz Metropolitan Transit District (METRO) requires the services of licensed contractors to replace the roof and windows at Pacific Station.
- Staff is requesting Board approval to use funds from the Fiscal Year 2015 allocation of the Public Modernization, Improvement, Service, and Enhancement Account Program (PTMISEA) for these procurements in an amount not to exceed \$350,000.

#### III. DISCUSSION/BACKGROUND

The roof at Pacific Station was last replaced in 1997, twenty years ago. The roof has been patched many times since and is currently exhibiting leaks throughout the upstairs office areas. Several of the windows in the building also leak significantly during periods of rain. Due to the suspected conditions beneath the roof membrane and in the walls, staff is requesting funding to not only replace the roof and windows, but to repair any water-damaged materials discovered during construction.

Although the long-term future of Pacific Station may be uncertain at this time as discussions are underway with the City of Santa Cruz relative to various possibilities for a new or reconfigured transit center, there are still short-term needs. These conditions need to be addressed in order to keep the building in a

state of good repair and make it a suitable environment for METRO staff, vendors, and the public to work and conduct business.

Staff is recommending the issuance of two formal Invitations for Bids for Roof and Window Replacement at Pacific Station.

#### IV. FINANCIAL CONSIDERATIONS/IMPACT

This action will authorize the initiation of two procurements estimated to result in contracts with a value of \$350,000. PTMISEA funding is currently programmed as follows:

\$5,875,000 Pacific Station Allocation as of 2/26/2014
\$114,824 Remainder of FY15 Allocation plus interest
\$5,989,824 Total Pacific Station Allocation

(\$3,086,247) Funds reallocated to MetroBase through 10/27/17 (<u>\$1,002,244</u>) Funds approved for other grant local matches as of 8/26/16 \$ 1,901,333 Funds remaining

Should the \$350,000 in FY15 PTMISEA funds be expended for the two Pacific Station projects described herein, the remaining balance available would be \$1,551,333.

#### V. ALTERNATIVES CONSIDERED

• Do not approve the repairs. This is not recommended. Although alternative transit center solutions are being considered, METRO anticipates using this existing transit center for at least the next 3-5 years.

## BEFORE THE BOARD OF DIRECTORS OF THE SANTA CRUZ METROPOLITAN TRANSIT DISTRICT

Resolution No. On the Motion of Director: Duly Seconded by Director: The Following Resolution is Adopted:

#### RESOLUTION OF THE BOARD OF DIRECTORS OF THE SANTA CRUZ METROPOLITAN TRANSIT DISTRICT AUTHORIZING THE PURCHASING MANAGER TO SOLICIT BIDS FOR ROOF AND WINDOWS REPLACEMENT AT PACIFIC STATION

**WHEREAS**, the Santa Cruz Metropolitan Transit District has a need for keeping the Pacific Station transit center in a state of good repair.

#### BE IT RESOLVED BY THE BOARD OF DIRECTORS OF THE SANTA CRUZ METROPOLITAN TRANSIT DISTRICT AS FOLLOWS:

**THAT**, the Purchasing Manager is authorized to issue two Invitations for Bids for the services and/or supplies described above; and

**THAT**, the IFB's are approved for release pursuant to the provisions of the Santa Cruz Metropolitan Transit District's Procurement Policy.

**PASSED AND ADOPTED** by the Board of Directors of the Santa Cruz Metropolitan Transit District this 23rd day of March, 2018 by the following vote:

- AYES: Directors -
- NOES: Directors -
- ABSTAIN: Directors -
- ABSENT: Directors -

#### DATE: March 15, 2018

**TO:** Capital Projects Standing Committee

**FROM:** Barrow Emerson, Planning & Development Manager

#### SUBJECT: APPROVE STAFF RECOMMENDATION FOR FY19 CAPITAL PROJECTS AND RECEIVE THE TEN-YEAR UNFUNDED CAPITAL LIST UPDATE

#### I. RECOMMENDED ACTION

That the Capital Projects Standing Committee approve staff recommendation for FY19 capital projects and receive the Ten-Year Unfunded Capital Project List.

#### II. SUMMARY

- Santa Cruz Metropolitan Transit District (METRO) has prioritized its most immediate and critical non-bus replacement needs and propose the projects identified in Attachment A be funded in FY19.
- METRO maintains and annually updates a Ten-Year Unfunded Capital Project List so that in the event that new funding becomes available, there is an identified set of projects from which to select.

#### III. DISCUSSION/BACKGROUND

#### New FY19 Capital Projects

METRO has prioritized its most immediate and critical non-bus replacement needs and proposes the projects identified in Attachment A be funded in FY19. It is proposed that these projects be funded from the Federal Transit Administration (FTA) 5339a FY18 formula allocation, which is projected to be approximately \$450,000.

If approved, these projects would be included in an updated FY19 Capital Project List that would be presented at the May 18, 2018 Board meeting.

The ongoing bus replacement program is funded from the State Transit Assistance (STA) program and Measure D funds from which METRO receives almost \$3 million annually in formula funds. The STA funding has seen a significant increase from the previous year's allocations as a result of the approval of SB 1, the Road Repair and Accountability Act of 2017. Capital Projects Standing Committee March 15, 2018 Page 2 of 3

#### Ten-Year Unfunded Capital Project List

METRO maintains a Ten-Year Unfunded Capital Project List that is updated periodically so that in the event that new grant or other sources of funding becomes available, there is an identified set of projects from which to select. Attachment B is the updated FY19 - FY28 Unfunded Capital Projects List.

The projects are categorized in different groups corresponding to eligible project types offered by different grant solicitations.

#### IV. FINANCIAL CONSIDERATIONS/IMPACT

#### New FY19 Capital Projects

Funding is available for the new proposed FY19 Capital Project List from the FY18 FTA 5339a allocation which is projected to be approximately \$450,000.

#### Ten-Year Unfunded Capital Project List

The Unfunded Capital Project List does not have an immediate financial impact beyond identifying the shortfall in funding necessary to maintain METRO equipment and facilities in a state of good repair, which is projected to be approximately \$226 million.

#### V. ALTERNATIVES CONSIDERED

#### New FY19 Capital Projects

Do not fund the proposed FY19 projects from the FY18 FTA 5339a formula program. As these projects have been identified as near term priorities, this is not recommended.

#### Ten-Year Unfunded Capital Project List

Do not maintain a Ten-Year Unfunded Capital Projects List. As this list is the basis of project selection if new funding becomes available, not maintaining this list is not recommended.
